

21 JUN 1950

Rear Admiral J. P. Jelley, CEC, USN  
Chief, Bureau of Yards and Docks  
Department of the Navy  
Washington, D. C.

My dear Admiral Jelley:

Your letter of 19 June 1950 requested the service of Mr. Shane McCarthy of my Staff to make a presentation on Friday, 5 September 1950 to the Civil Engineer Corps Reserve Officers' Sixth Seminar to be held at Port Hueneme, California.

I am glad to approve this request and I am accordingly instructing Mr. McCarthy to make appropriate arrangements to be with your organization on that date.

The Bureau of Yards and Docks is to be congratulated for the splendid work it is continuing to do in indoctrinating the Civil Engineer Corps Reserve Officers in technical and vital problems.

With kindest regards,

Sincerely yours,
